- (1) Directors,  
All Private Hospitals & Nursing Home  
Chhattisgarh
- (2) Principals,  
All Govt. & Pvt. Nursing Institutions, Chhattisgarh

**Subject:-Implementation of Nursing Registration and Tracking System NRTS / Enrolment of Nurses (A Live Register) - Reg.**

Ref.:- (1)Our letter no.553 dtd. 06/07/2017.  
(2) INC letter no. 22/NUID/2016 dated 17/04/2017.

As per the subject mentioned above Chhattisgarh Nurses Registration Council, Raipur has to maintain nurses register for nurses working in Chhattisgarh. Indian Nursing council has initiated to have a computerised live register for nurses who are active within the country & abroad. This live register will enable to have a Pan India uniform registration of nurses. This will empower a nurse with a National Unique ID (NUID) which is linked with Aadhar INC has taken up nurses registration and Tracking System (NRTS) - A Live register of Nurses for achieving this a web portal [nrts.indiannursingcouncil.gov.in](http://nrts.indiannursingcouncil.gov.in) has been made to start this activity.

INC has empanelled agency namely M/s. FINO Pay Tech for enrolment of Nurses. No fee is charged for enrolment by INC. It is requested to enrol all nurses of your organization when agency visit to our district / organization and provide data of nurses working in your organization to office of Chief Medical and Health Officer of your district.

For further Agency visit details kindly contact to your Chief Medical and Health Officer office Or Chhattisgarh Nurses Registration Council, Raipur.

Encl:- (1) A Brief note of NRTS.

**Nurses Registration and Tracking System Project (NRTS)**

Indian Nursing Council INC has initiated the "Nurse Registration and Tracking System" (NRTS). NRTS is centralized web based software which has been developed through National Informatics Centre, Ministry of Electronic and Informatics Technology with standardized forms for collection of the data of previously registered Nurses after verifying their registration through RN/RM No. with the State Nursing Council (SNC). The captured data after verification by the State Nursing Council will be posted to the pool of data in the central server which will hold the verified data of all live and active nurse all over the country. The software will also contain uniform application format for future registration of fresh Nurses, Reciprocal registration, provision of online submission for application form for registration etc. which is expected to cut down the existing procedural delay in the system. Another great advantage will be the availability of accurate and qualification wise specialization of Nurses and up to date data of Nursing Professionals which will be of great help for the Central as well as State Governments to do proper Nursing manpower planning and to take policy decision based on accurate data.

To facilitate the data verification and for running the NRTS for initial three years INC has provided the requisite computer hardware and manpower to all the SNCs. The necessary training for installation and running of the application software will also be provided by INC. Each registered Nurse will also be provided with the Nurses Unique Identity (NUID) Number. After the initial period of three years, while the NRTS Portal will be maintained by INC, it shall be responsibility of all the SNCs to continue to follow the prescribed procedure and forms for registration, renewal, reciprocal registration etc. so that the Indian Nurses Register remains Live, Accurate and up to date. The benefits of the NRTS will be

- Online availability of data of active and registered nurses/midwives across country through a computerized Live Register;
- Standard application form and procedures for clearances of application forms;
- Online filing and submission of registration application forms;
- Appropriate MIS reporting framework
- Unique Identification of nurses/midwives resulting in ease in verification process;
- Quick verification process by the hospitals/ private clinics before employing any nurse/midwife;
- Facilitate stakeholders with requisite information regarding registration service of INC
